

NOMAD PA

Public Address Podium

The Nomad PA is a mobile podium, with a microphone and speaker, that was created to provide a simple solution to support the delivery of basic presentations or speeches. The PA easily turns any room, hall or foyer into the perfect venue for hosting press conferences or other public address events.

Voice Amplification

The PA provides a voice amplification system in a space where there is no other existing audio infrastructure. The microphone and speaker allow a user to keep the entire audience engaged with his/her voice.

Entry Level System

The PA is an affordable mobile podium with microphone and speaker that includes options. It was designed to meet basic public address needs. The limited functionality and flexibility of the PA is reflected in the entry level price point.

Completely Mobile

The PA creates temporary public address settings out of any ordinary space. Four sturdy wheels allow the mobile podium to be easily re-purposed or returned to storage at a moment's notice.

Focused Audio

The speaker built into the PA directly faces the audience to provide focused audio delivery.

Standard Features

Gooseneck Microphone

Amplifies the presenter's voice to be heard by the whole audience.

Heavy-Duty Wheels

Two swiveling and two fixed wheels provide exceptional control of the PA when moving between rooms. It can also be easily stored when not in use.

6" Speaker and Amplifier

Allows the mobile podium to stand alone without existing audio infrastructure.

Options & Accessories

Cable Cubby with HDMI & VGA (BYOD)

Includes connections for a Notebook computer or other electronic personal devices (located on top of the lectern).

Flip-up Workspace Shelves

Flip-up shelves create plenty of workspace, and are easily released and folded to save space when not in use.

Wireless Output

Connects to your output display(s) wirelessly and eliminates having to worry about TV/projector placement or the need for unsightly cable runs.

Cabinet Doors

Two doors close off the open face of the mobile podium to improve appearance and allow for storage.

Custom Color

With hundreds of wood grains, colors and patterns available, the mobile podium with microphone is sure to match the interior design of your space.

Customized Plaque

A custom-engraved wood plaque can be fixed to the mobile podium to prominently display your organization's logo.
