

NOMAD LT

Smart Classroom AV System

Smart Classrooms Made Easy

The Nomad LT is an all-in-one audio visual system that centrally stores and seamlessly controls all of the technology instructors need to present physical and digital visual aids in the classroom.

With a full array of video, audio and control hardware built into a compact lectern, the Nomad LT is the perfect centerpiece in any classroom technology solution.

Engineered and programmed around the principle of standardization, the Nomad LT is a user-friendly solution that has proven to perform reliably in classrooms throughout the United States. An extensive list of pre-tested, qualified options allows the Nomad LT to be tailored to the specific needs of each classroom.

SYSTEM FEATURES

Control **SYSTEM**

Provides instructors with a user-friendly interface that is easily accessed and controlled

Confidence **MONITOR**

Mirrors the selected device so instructors do not have to turn their backs to the audience

Personal **DEVICES**

Connectivity for personal devices allows instructors to share content from smart phones, tablets and laptops

Document **CAMERA**

Allows instructors to display virtually any type of physical visual aid, from documents to 3D objects, in real time

Bose Sound **SYSTEM**

Provides high fidelity audio that can fill classrooms of any size

Blu-Ray **PLAYER**

Plays previously recorded content that is stored on CDs, DVDs and Blu-ray discs

Gooseneck **MICROPHONE**

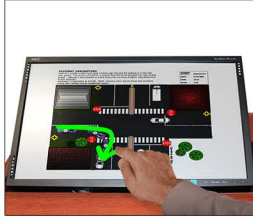

Amplifies an instructor's voice throughout the room

Flat Panel or **PROJECTOR**

Provides the big screen that allows the students to view images as they are being presented

POPULAR CLASSROOM OPTIONS

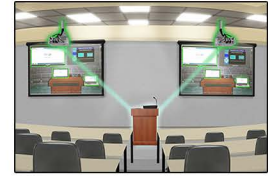

Touch- Screen Annotation

To increase comprehension, instructors can use the confidence monitor to digitally mark and highlight presented images to help draw students' attention to critical points of the visual aid.

Built-in Computer

With a desktop computer built into the Nomad LT, users can quickly present documents and videos from web browsers, installed applications and USB storage devices.

Video Display Solutions

Presentation solutions generally require multiple display devices throughout the classroom so all parties can simultaneously view presented images and videos.

5-YEAR WARRANTY

FULL LIFE-CYCLE SUPPORT INCLUDES:

- Online training customized for *your* system
- Operational phone support
- Troubleshooting assistance
- On-site repair labor
- Replacement parts as necessary
