

# NOMAD N-DESK

Smart Classroom AV System

## Smart Classrooms Made Easy

The Nomad N-DESK is an all-in-one audio visual system that centrally stores and seamlessly controls all of the technology instructors need to present physical and digital visual aids in the classroom.

With a full array of video, audio and control hardware built into a compact desk, the N-DESK is the perfect centerpiece in any classroom technology solution.

Engineered and programmed around the principle of standardization, the N-DESK is a user-friendly solution that has proven to perform reliably in classrooms throughout the United States. An extensive list of pre-tested, qualified options allows the N-DESK to be tailored to the specific needs of each classroom.

## SYSTEM FEATURES

### Control **SYSTEM**

Provides instructors with a user-friendly interface that is easily accessed and controlled

### Confidence **MONITORS**

Mirror the selected device so instructors do not have to turn their backs to the audience

### Personal **DEVICES**

Connectivity for personal devices allows instructors to share content from smart phones, tablets and laptops

### Document **CAMERA**

Allows instructors to display virtually any type of physical visual aid, from documents to 3D objects, in real time

### Bose Sound **SYSTEM**

Provides high fidelity audio that can fill classrooms of any size

### Blu-Ray **PLAYER**

Plays previously recorded content that is stored on CDs, DVDs and Blu-ray discs

### Gooseneck **MICROPHONE**

Amplifies an instructor's voice throughout the classroom

### Flat Panel or **PROJECTOR**

Provides the big screen that allows the students to view images as they are being presented

# POPULAR CLASSROOM OPTIONS

## Touch-Screen Annotation

To increase comprehension, instructors can use the confidence monitor to digitally mark and highlight presented images to help draw students' attention to critical points of the visual aid.

## Built-in Computer

With a desktop computer built into the N-DESK, users can quickly present documents and videos from web browsers, installed applications and USB storage devices.

## Video Display Solutions

Presentation solutions generally require multiple display devices throughout the classroom so all parties can simultaneously view presented images and videos.

## 5-YEAR WARRANTY

### FULL LIFE-CYCLE SUPPORT INCLUDES:

- Online training customized for *your* system
- Operational phone support
- Troubleshooting assistance
- On-site repair labor
- Replacement parts as necessary
- Optional 2-year warranty/life-cycle extension available

## FURNITURE FEATURES (EXCLUSIVELY DESIGNED AND BUILT BY NOMAD)

**Slow Close Drawer Slides**  
Prevent damage and noise caused by drawers slamming shut

**Dual-Sided Service Access**  
Removeable panels allow access for troubleshooting and service

**Tilting Monitor Mount**  
Allows monitor to be positioned for proper viewing
